# New Fiberglass Professional Platform FXP1700XL Series Type IA

## *Pinnacle Platform*

*Meets ANSI, OSHA & CSA standards*

**LOUISVILLE**  
LADDER

## PRODUCT BULLETIN

# Pinnacle Professional Platform Type IA FXP1700XL series

## Features

### Extended Handrail

For added comfort & productivity  
Front handrails are 36" tall from  
top to platform

### Large Platform

15% larger platform area Vs  
other leading platform  
ladders.

24 ¼" Depth x 14 ¾" Width  
For comfort & productivity

## Pinnacle Professional Platform Type IA FXP1700XL series

### Features

#### ProTop

Multifunctional Pro-Top designed with hardware tray, magnet tray, drill and tool slots, paint bucket holder, and pipe or 2x4 holder

#### Raptor Boot

Polypropylene copolymer upper boot protects the rails of your fiberglass ladder. Thick non-marring tread is bonded to the upper boot to create a slip resistant footing.

#### Shox™

Equipped with Shox™ side rail impact-absorption system that reduces damage to the first step and fiberglass
